By the way, if anybody's interested, this site is watching the strange and unusual differences between the Diebold optical counted ballots and the hand counted ballots, and Kucinich's request for a recount, based on the anomaly.

They are not really rivals at all, they both have both feet in exactly the same primordial mud.

If you watch part 2 of the video it also talks about Hillary Clinton.

I believe Obama is the one whom they prefer to be the president, but I also believe that Hillary wont be very different and obviously if Obama doesnt win she almost certainly will (unless Ron Paul somehow manages to beat them).

Obama and Hillary are obviously their main pawns, but as explained on the video it seems Obama is the one who is getting the most media support from Zionists Illuminati bankers (or whatever you want to call them).

Obama has won the Democratic Primary in South Carolina and Georgia and will probably win in California too.

In many cases he has been winning more votes than than the top two Republican candidates combined.

If you remember what I said about the Iraq war, that Sadr was going to be portrayed as the one who defeated Bush... but since the Sadr plan has been failing and Bush's two terms are about to end, and the Democrats are not supposed to lose... so Obama is now to be the one who ends the Iraq war rather than Sadr who failed which is why he says he wants to end the war on Iraq but not the war on Afghanistan.

Why? Because if things continue as they are then the Sunni groups including al-Qaeda would appear as the victors and that is exactly what the Illuminati dont want to happen. So since Sadr failed to be the hero of Iraq, Obama is to end the war as a popular movement by a democratic president.

Well I did say "probably", but anyway I still dont think Hillary Clinton will win and although she has very similar policies, I think the Illuminati's plans would work better with Obama.

So if this illuminati theory is in fact true, will that mean that Obama has direct links with the illuminati, is he aware of the plan that is set up for him? Or is he clueless of the plan set up for him?

The Illuminati is an invention of fiction authors and paranoid schizophrenics. Who needs conspiracy theories.... there are just some plain rich and greedy people out there and then there are rich, greedy and evil. It was the same way in Ancient Egypt and China, its the nature of Evil. There need not be any organization.

Really, I wish people who believed this stuff would go and get their medications checked, they obviously need stronger anti-psychotics.
